

MANUFACTURES QUALITY FROM BEGINNING TO END

COMPANY PROFILE

INTRODUCTION

BINTEM combines innovative ideas in men's and women's clothing, ensuring the highest quality standards and on-time delivery to meet all customer needs

INTRODUCTION

At BINTEM, we believe that production quality is the foundation of customer satisfaction. Our mission is to provide seamless access to premium textile production while maintaining an unwavering commitment to excellence.

By leveraging our extensive industry expertise, we understand our customers' exact needs and deliver tailored, high-quality solutions. As one of the leading manufacturers in the sector, we continuously invest in innovation, sustainable practices, and a highly skilled workforce to meet the evolving demands of global fashion brands.

About Bintem.

For over 15 years, BINTEM has been continuously strengthening its infrastructure and skilled workforce through strategic investments in advanced machinery and cutting-edge software. This commitment allows us to adapt swiftly to our customers' demands and evolving industry trends.

Renowned for our expertise in designing and manufacturing for prestigious men's and women's clothing brands, BINTEM serves the ready-to-wear fashion industry with a highly creative design team and state-of-the-art production facilities.

COMPANY PROFILE

"Bintem In Brief"

Established in 2005, Bintem has grown into a leading player in the textile industry, driven by a commitment to quality and customer satisfaction. In 2015, we launched our first factory in Bingöl, starting with a workforce of 200 employees and specializing in the production of woven and knitted pants and shorts for men and women.

To meet the increasing demands of the industry, we expanded our operations in 2022 with the Karakoçan factory, designed to accommodate up to 400 employees. Today, the facility operates with 180 skilled professionals, ensuring top-tier production standards and efficiency.

At Bintem, we believe superior production quality is the cornerstone of customer satisfaction. Our mission is to understand and meet our clients' unique needs while consistently delivering high-quality, professionally crafted products, reinforcing our position as a trusted leader in the sector.

Modeling Workshop

Our state-of-the-art modeling workshop is equipped with advanced machinery and technology to support our design and prototyping processes. The workshop plays a critical role in transforming creative ideas into high-quality, ready-to-wear garments.

Machinery & Equipment:

- 6 Straight Stitch Machines
- 4 Overlock Machines
- 2 Coverstitch Machines
- 2 Buttonhole Machines
- 1 Button Sewing Machine
- 1 Bar-Tack Machine
- 1 Lapel Machine
- 3 Self-Trimming Paskara Machines

Key Advantages:

- Rapid Prototyping: Enables quick turnaround times from design to production.
- Quality Control: Each prototype undergoes rigorous testing to meet our high standards.
- Flexibility: Our workshop adapts to diverse styles and requirements of global fashion brands.

Elaziğ Factory Profile

Factory Overview

- Total Area: 10,000 m²
- Indoor Area: 3,600 m²
- Monthly Production Capacity: 45,000 units
- Number of Employees: 160

Bintem's Elaziğ factory is equipped with modern technology and efficient production lines to meet the needs of global fashion brands. Our facility is designed to ensure high productivity, quality consistency, and optimal workflow.

Production Capabilities:

ElaziğFactory

Cutting Department:

- 1 Fully Automatic Fabric Cutting Machine
- 2 Fabric Cutting Tables (20m each)
- 2 Fabric Spreading Machines

Fabric Warehouse:

- 2 Fabric Inspection Machines
- 1 Fabric Relaxation Machine

Stitching Department:

- 150 Sewing Machines
- Automated Sewing Systems
- Fabric Pressing Machine

Ironing & Packaging:

- 12 Narrow and Wide Paskara Machines
- 4 Self-Trimming Paskara Machines
- 1 Stain Removal Machine
- 1 Metal Detector

Key Advantages:

High Efficiency: Automated systems reduce production time and enhance precision.

Quality Assurance: Integrated quality control processes at every stage.

Scalability: The factory can handle both small and large-scale production orders.

Bingöl Factory Profile

Factory Overview

- Total Area: 5,000 m²
- Indoor Area: 2,800 m²
- Monthly Production Capacity: 60,000 units
- Number of Employees: 190

The Bingöl factory is a cornerstone of Bintem's production capabilities, combining advanced technology with skilled craftsmanship. This facility supports our mission to deliver high-quality apparel to global markets efficiently and sustainably.

Production Capabilities:

BingölFactory

Sewing Department:

- 2 Production Lines Capacity
- 170 Sewing Machines
- Sewing Automation Systems

Ironing & Packaging:

- 10 Narrow and Wide Paskara Machines
- 4 Self-Trimming Paskara Machines
- 1 Stain Removal Machine
- 1 Metal Detector
